Dear Reza and Luke,

Your article "Eta- and partial eta-squared in L2 research: A cautionary review and guide to more appropriate usage" was among the top 10 journal articles from 2017 and 18 that were cited the most in 2019. On behalf of the Editors and the editorial team, I am writing to thank you for your support throughout the years as an esteemed author for *Second Language Research*. This has enabled the Journal to grow from strength to strength. Thanks to citations like yours, our two-year Impact Factor is 1.75, our five-year IF is 2.048, and we hope both will rise. More importantly, our readers appreciate the high quality of the science in our journal. We hope you have enjoyed working with SLR and will keep us in your publishing plans!

Yours sincerely,

Silvina Montrul and Roumyana Slabakova

Editors, *Second Language Research*
